### Abstract

*Replace the content of this template with your accepted abstract.*

### Keywords:

*Please include 3 – 4 appropriate keywords. They should be in an alphabetical order and be separated by commas.*

### 1. Introduction

*The introduction should include the rationale of the study, theory, framework, related literature reviews, objectives of the study, and so on.*

### 2. Method

*This section describes the methodology of the study. It may include sub-sections such as participants, research instruments, data collection, and data analysis.*

### 3. Results

*This section should be organized in order to answer each of your research questions.*

Table 1: *Font size and format of the full paper*

No.		Notes
1.	The full paper should be <b>between 8-10 pages</b> including maps, charts, diagrams, references.	
2.	Please use <b>12-point Times New Roman</b> font and single line spacing for the whole document.	
3.	Paragraphs must be justified (fully aligned).	

### 4. Discussion and Conclusion

*The section should contain a summary of the study, discussions of the results, recommendations and the conclusion.*

*Please note that large attachments may not always send successfully, so please carefully limit the size of your attachment.*

### 5. References

*For citations, please follow an APA style.*

1. Carolyn Kousky and Roger M. Cooke (8/2009), *Climate Change and Risk Management: Challenges for Insurance, Adaption, and Loss Estimation*, AIG Climate Change and the Insurance Industry, Discussion paper.
2. Geneva Association, (7/2009), *The Insurance Industry and Climate Change – Contribution to the Global Debate*, The Geneva reports: Risk and Insurance Research No2.
